# Statewide Proposals

## PROPOSAL 1 - CONVENTION TO REVISE MI CONSTITUTION

### Why is it on the ballot?

Every 16 years, this proposal shows up according to the Michigan Constitution. So far, voters have said no.

### Who supports voting yes?

Many Republicans support it because it would provide an opportunity to revise the more recent Constitutional changes regarding early voting, abortion, etc.

### Who supports voting no?

Left of center groups like Protect MI Constitution say it is best to leave the Constitution as is citing concerns about special interests & uncertainty.

## PROPOSAL 2 - MONEY OUT OF POLITICS

### Why is it on the ballot?

Citizen signatures were collected by Michiganders for Money Out of Politics. The initiative was spearheaded by progressive, leftist leaning groups to ban political spending by electric & gas utilities and companies with large government contracts. They received over \$8 million dollars from out-of-state liberal organizations.

### Who supports voting yes?

Democrats are very much in favor because it targets utility companies whose political spending has opposed green energy policies. Many Republicans support it because it limits crony capitalism in this sector.

### Who supports voting no?

Protect MI Free Speech, whose funding includes some of the affected companies, is a right leaning organization against this policy. Their reasons for voting no include the restriction of free speech, creation of uneven rules for different businesses, and the hypocrisy of dark money spent to get it on the ballot.

## Come Join Us!

We meet at 6:30 PM on the fourth Monday of the month.
